<sup>2</sup> One server with an unlimited number of clients within the end users company or institution.

<sup>3</sup> The DETHERM Software Suite is not included here. If the DIPPR 801 data should be used in combination with DETHERM, please check also the DETHERM pricelists (except you already have a DETHERM license).

<sup>4</sup> If desired, the DIADEM software could also be licensed without the DIPPR 801 data. Please ask for details.

<sup>5</sup> The given prices do not contain the applicable taxes within the European Union. Prices are subject to change without notice.

## License & Renewal Conditions

For a continued leasing of data and software, in each year the price of that year is applicable for the renewal. Long-term options with certain types of discounts are available. Please ask for details.

All software is delivered as object code.
